- Competitive package and allowances including relocation
- Use your clinical skills in a multidisciplinary corporate team setting
- The stability, resources & support of a national company at your fingertips
- The autonomy to get the job done with support from your team and managers

ABOUT US: APM is the leading national private provider of assessment & rehabilitation services for the disability and injury management sectors. We recognise the importance of work life balance and the varying demands external to work that our consultants manage, such as family, study and living life.

THE POSITION: Injury management services are provided within the workers' compensation, risk insurance markets & the disability sector. In addition, you will be involved in providing a broad range of consultancy services relevant to your discipline and interests. Whilst managing your client through the return to work process, your role will encompass assessment, reporting, stakeholder management and implementation/monitoring of return to work plans.

IS THIS FOR ME? You will be a Psychologist or Rehabilitation Counsellor and will be highly motivated, enjoying autonomy & flexibility within a role. You will have strong interpersonal and rapport building skills, a thorough understanding of the impact of injury and disability on functional abilities and experience in working to meet Deadlines. Assessment and report writing skills are a core competency.

BENEFITS: Flexibility, work from home, relocation assistance, uncapped incentive scheme, travel allowance, professional development allowance, and more!!
