

## Essential Topics in Psychology

Welcome to the Essential Topics in Psychology 2011 series of professional development workshops.

We are very pleased to announce that for 2011 we have brand new workshops, new speakers, new venues and a fantastic new website which allows you to register and pay online, making it even easier to comply with your CPD obligations.

You already know that Essential Topics in Psychology offers top quality training in areas relevant to current psychological practice, delivered by speakers with established reputations in clinical practice and research.

Applications have been made for all workshops for CPD points for the endorsed psychological speciality areas.

This year our topics include:

- Ψ Evidence based psychodynamic psychotherapy: An introduction to brief psychodynamic psychotherapy.  
*Presented by A/Professor Robert Schweitzer*
- Ψ Sustaining Relationships, Considering Trauma: The troubling terrain of the therapeutic journey with clients surviving severe adversities. *Presented by Professor Grace Pretty*
- Ψ Understanding Eating Disorders: Causes, Consequences and Treatment.  
*Presented by Erin Anderson*
- Ψ Principles and Practice of Psychodynamic Psychotherapy: A two part workshop.  
*Presented by A/Professor Robert Schweitzer and Professor Robert King*
- Ψ Real World Dilemmas and The Code.  
*Presented by Dr Des Coates*
- Ψ Creating Change, Meaning & Hope: Enhancing therapeutic outcomes with traumatised clients.  
*Presented by Dr Emma Harley*
